

Star Island ★ LOAS II

Star Island is one of the rocky, wind-swept Isles of Shoals, located off the coast of Rye, New Hampshire. The island, with its beautiful sunsets and crashing waves, has been a welcome respite from busy mainland life for over 100 years.

Life on a Star II, a conference open to families and adults of all ages, invites you to relax, have fun, and enjoy the beauty of the island. The conference offers a theme speaker, chapel services, and a variety of workshops each day, such as yoga, writing, music, and more, as well as a youth program. There is also ample time to relax, read, walk, explore, and spend time with new and old friends.

The theme of this year's LOAS II conference is **The Quest for Wholeness in Critical Times**. The week's theme speaker will be internationally recognized Italian Jungian scholar Stefano Carta. Stefano will be discussing his views of the fundamental tenets of Jungian psychology, focusing on its approach to the particular "nature" of "human nature," a personal reflection on feeling, meaning, beauty and God by a religious non-believer. Stefano's discussions will be illustrated by myth and story telling, music, film, images, and alchemical and clinical examples.

LOAS II is delighted to be joined this year by the Reverend Libby Smith as Minister of the Week. Libby is a lifelong Unitarian and minister at the Unitarian Universalist Fellowship of Lower Bucks, PA.

We hope you will join us!!

August 18 –August 25, 2012
